HAYBURN & CO.
FOR THE FINEST HOMES

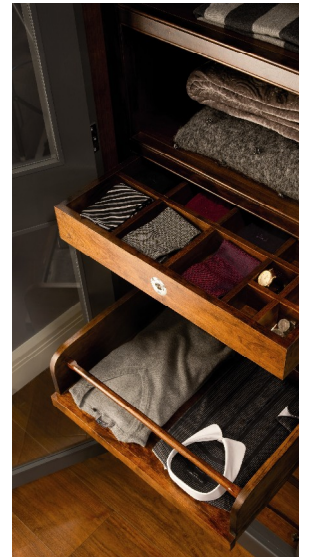

On behalf of: Hayburn & CO
From Julie Weymes 0207 084 6212 julie@aminocms.com

The whole house solution

We take great pleasure in introducing to you Hayburn & Co.

This company designs and creates architectural joinery for the finest homes. From the beginning, some forty years ago, they have specialised in the higher end of the market and have created some outstanding work which sets it apart and is deserved of its excellent reputation.

Beautiful windows, external doors, staircases and kitchens, extending to fine fitted furniture, bespoke internal doors, wall panelling, shutters, architrave & skirting's – in short, everything!

You will be pleased to discover that Hayburn & Co pay as much attention to their photography of their installations as they do to their craftsmanship, as you will see from the attached contact sheets, which contain stunning images.

Their insistence on the highest quality of design and production whether for a single window or for an entire refurbishment project is clear and many satisfied customers throughout the UK can testify to this.

More can be found on their website too.
