Contemporary chic designs from Tim Moss Furniture

Contemporary chic continues to be the popular choice for kitchens. Deep drawers, full height cabinets combined with calming colours are a winning combination to ensure an uncluttered work area in any sized kitchen.

Tim Moss has built an enviable reputation in kitchen design and manufacture for his attention to detail, the use of classic proportions and fine craftsmanship to produce

furniture of the highest quality. Inspired designs incorporating both classic and contemporary elements are characterised by an understated simplicity of line, and a natural pallet of colours.

As well as Tim's signature curvaceous kitchens with full height cabinets complemented with fine steel mesh inserts, cleverly concealing endless storage capacity using every

available space to its maximum. Tim designs and makes freestanding pieces of furniture from dressers to larders to tables. With each piece the artistry stands out and when combined with the kitchens created, are truly fabulous.

Working with natural solid woods from, Tim creates bespoke furniture for discerning customers. Fluid clean sweeping lines of floor to ceiling cabinets Tim's designs combine contemporary with classic styling, enhanced with calming colours for the ultimate fresh open working area.
